

Safety and Mission Assurance Directorate (Q)

The Safety and Mission Assurance Directorate (SMAD) is delegated the responsibilities to meet the mission, goals, and objectives as detailed below and in the SMAD Annual Operating Agreement (AOA). Four Division Offices, the Plum Brook Decommissioning Office, and the Directorate Staff Office comprise the Glenn SMAD.

The Safety and Mission Assurance Directorate Office is the focus for strategic, business, and resource allocation planning for the Directorate. The Office assures the adequate implementation of NASA and Glenn administrative, human resources, and fiscal policies, while supporting Directorate managers and personnel in providing centralized resource, technical, personnel, and administrative management expertise.
